

Energy Storage Work Group Charter

Purpose & Scope:

The Energy Storage Work Group (ESWG) will support the Colorado Coordinated Planning Group (CCPG) and provide recommendations to the CCPG and its stakeholders under the scope of this Charter.

ESWG will focus on the integration of energy storage resources, other transmission and non-wire alternatives into the bulk power system. ESWG will consider all forms of energy storage and will focus on transmission functions of energy storage technologies and performance, economics, integration into system models and other aspects associated with the application of bulk energy storage systems.

Participation:

Membership

Participation in ESWG shall consist of CCPG stakeholders and other interested parties.

Chair and Vice Chair

ESWG shall be led by a Chair and a Vice Chair. The Chair shall be a member of CCPG. The Vice Chair shall be determined by ESWG and approved by CCPG.

Meetings

ESWG shall meet as often as necessary to perform its duties and functions. ESWG meetings shall be open to the public. All ESWG meetings shall be called by the Chair or Vice Chair, and meeting notices shall be posted to the CCPG website at least one week prior to the meeting. ESWG written presentations, reports, and recommendations shall be posted on the CCPG website.

Duties & Governance:

ESWG will develop recommendations within the scope of this Charter for consideration by CCPG. ESWG may take other actions as requested by CCPG.

Duration:

ESWG will continue to meet as needed until dissolved by CCPG.
